

**Notes**

Drawings to be read and printed in colour.

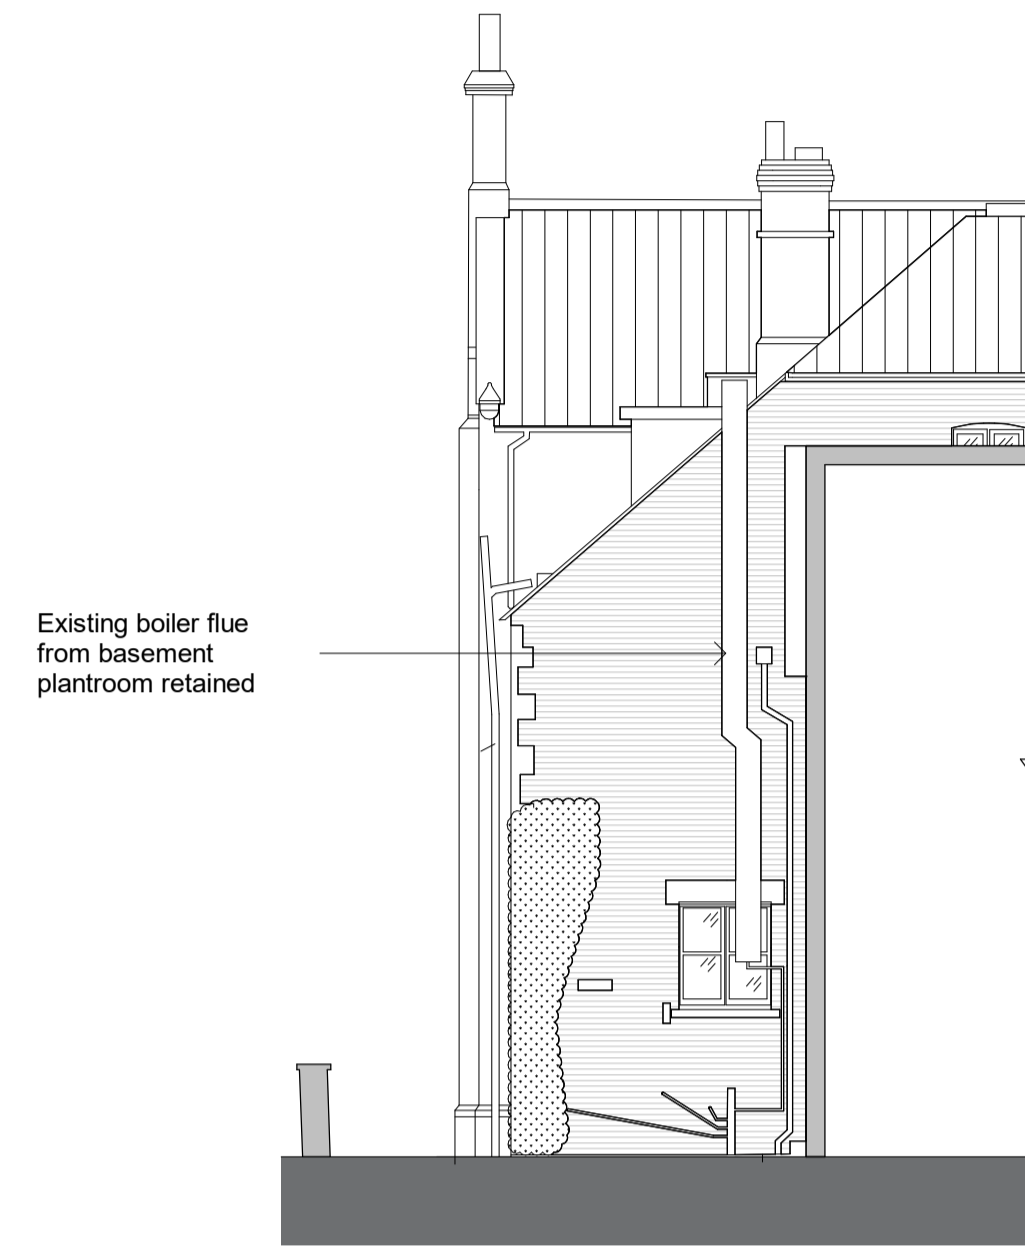

1 - Existing South Elevation

Existing Single Storey 'link' demolished. Brickwork suggests this is not original and has been added since the building was constructed.

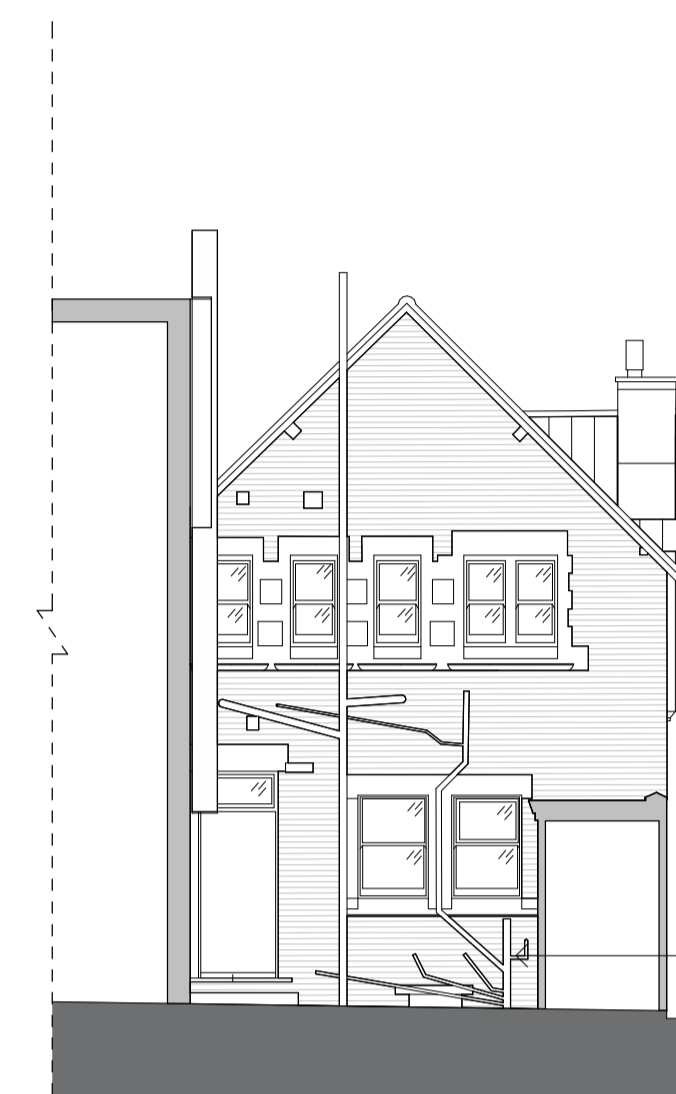

2 - Existing West Elevation

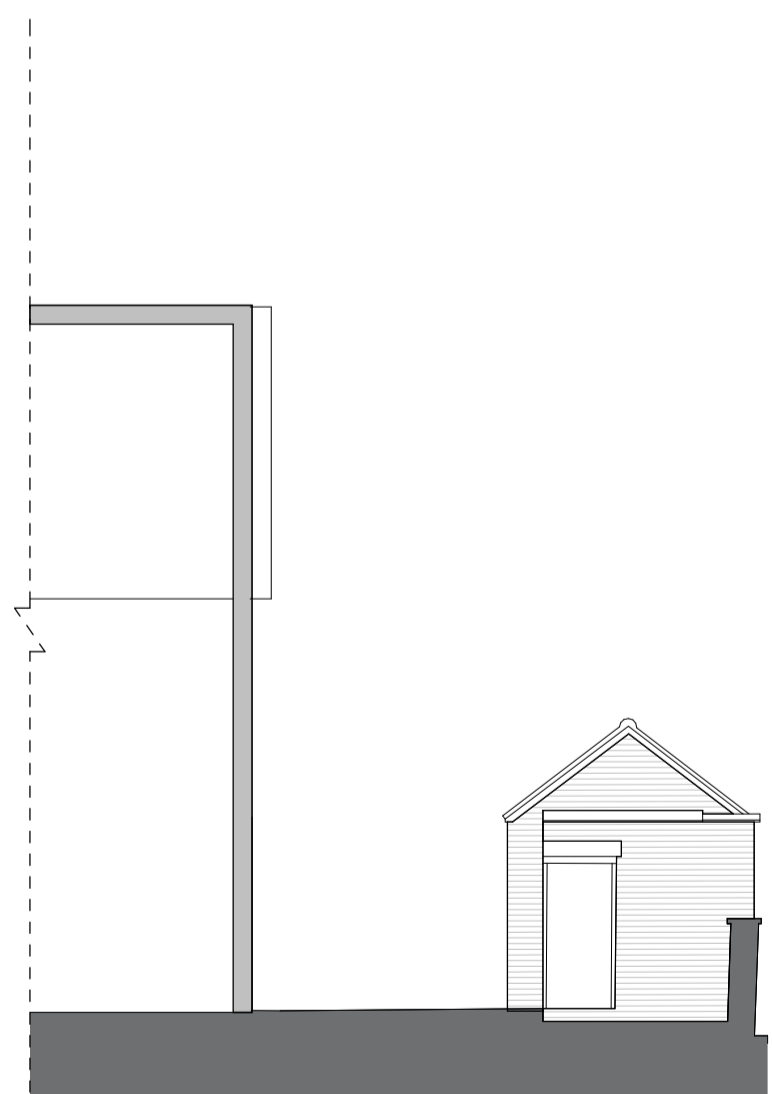

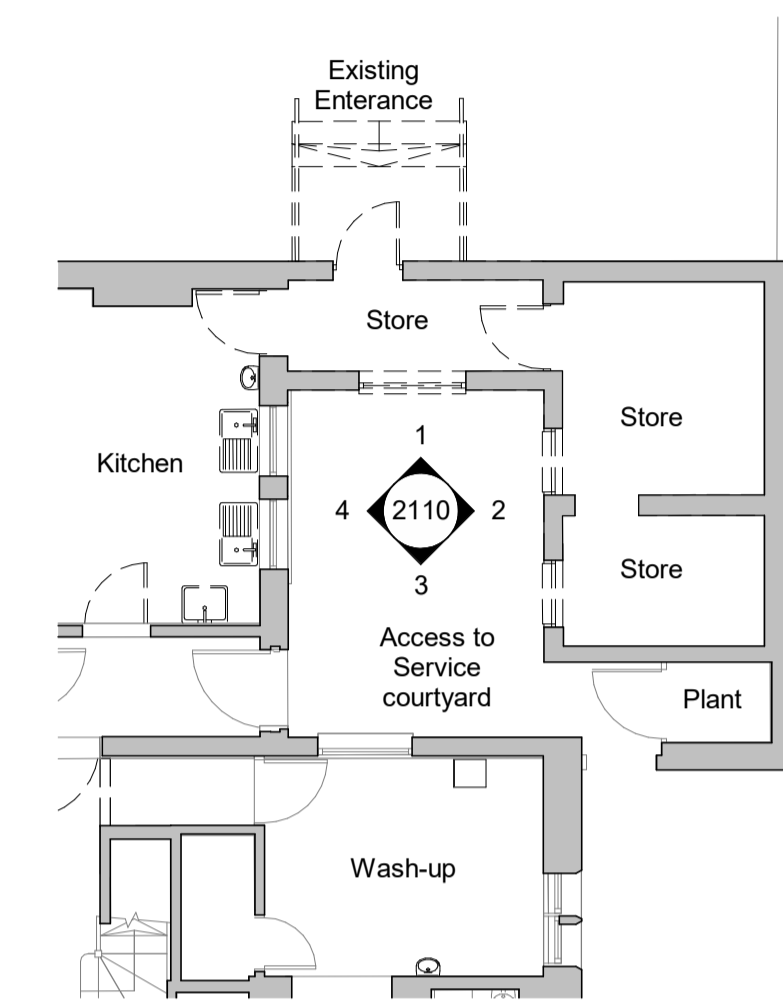

Existing boiler flue from basement plantroom retained.

3 - Existing North Elevation

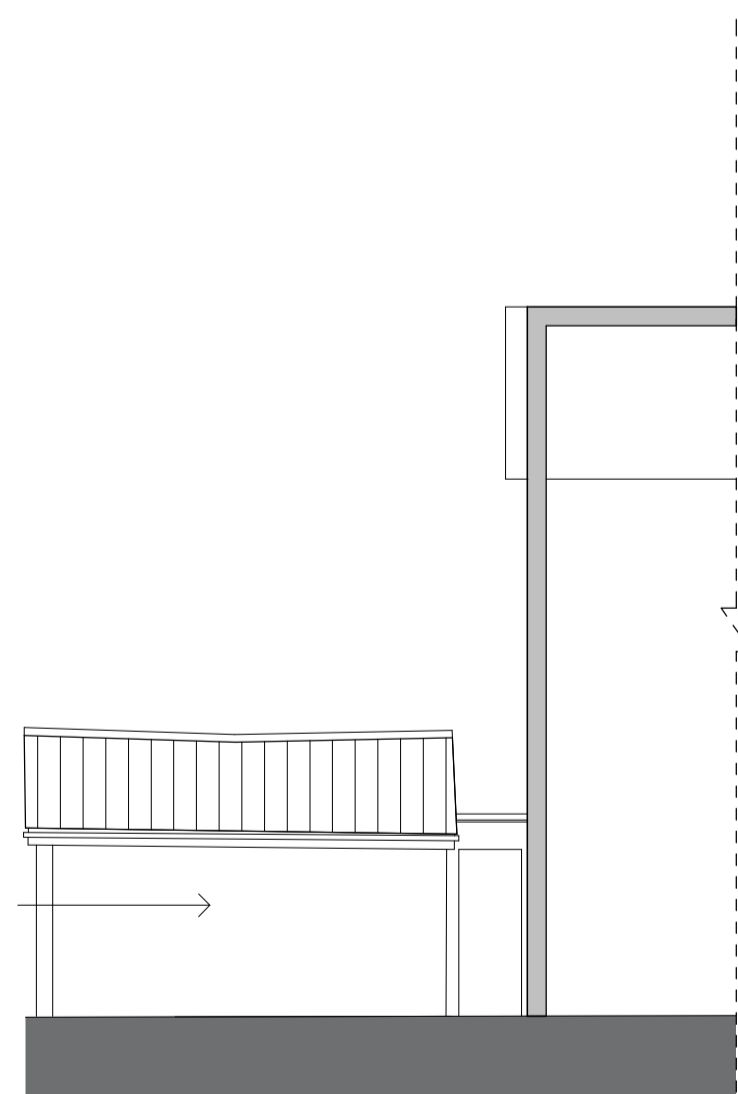

Existing low level external drainage removed following removal of kitchen at ground floor level.

4 - Existing East Elevation

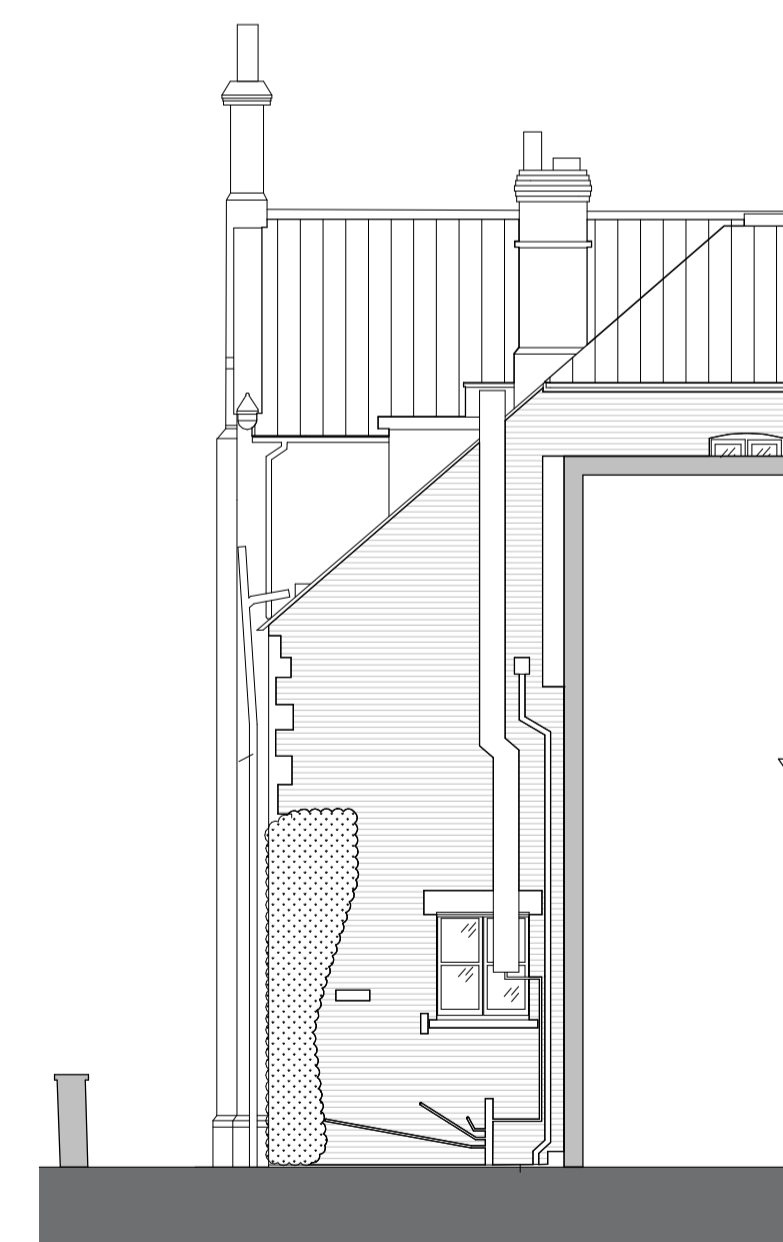

5 - Existing South Elevation

Existing brick wall removed, new and exposed and painted steel beam to support existing roof. Brick side walls retained with new piers to support steel.

6 - Existing West Elevation

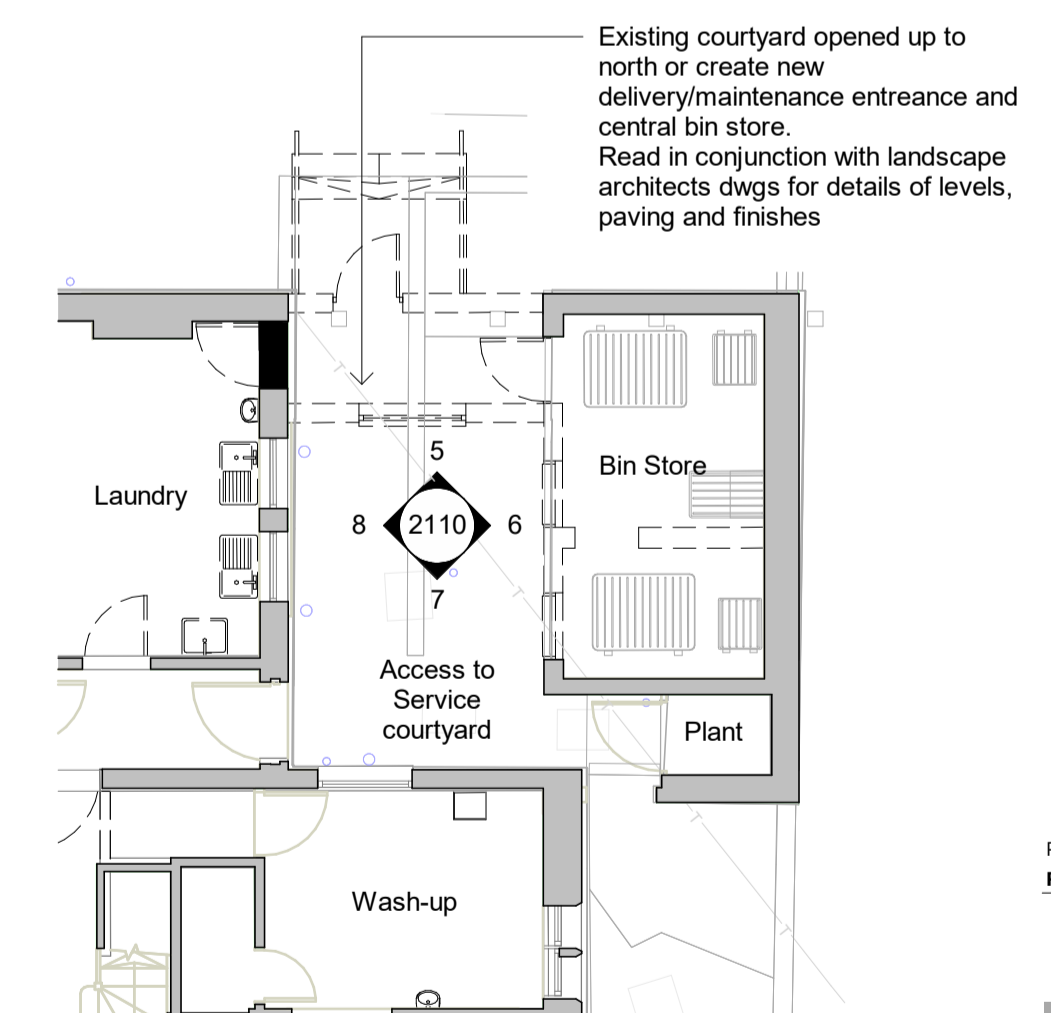

7 - Existing North Elevation

Existing door opening infilled with reclaimed brick to match existing. New brickwork set back 10mm from face of wall, lintel and cill retained. (Note: change to existing building is reversible in the future).

8 - Existing East Elevation

Existing courtyard opened up to north or create new delivery/maintenance entrance and central bin store. Read in conjunction with landscape architects dwgs for details of levels, paving and finishes.
