The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Are there trees or hedges on the proposed development site?  Yes  No  And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  Yes  No  If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.  Assessment of Flood Risk  Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.)  Yes

Will the proposal increase the flood risk elsewhere?
<ul><li>○ Yes</li><li>② No</li></ul>
How will surface water be disposed of?
✓ Sustainable drainage system
✓ Existing water course
Soakaway
☐ Main sewer
☐ Pond/lake
Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
<ul><li>○ Yes, on the development site</li><li>○ Yes, on land adjacent to or near the proposed development</li><li>② No</li></ul>
b) Designated sites, important habitats or other biodiversity features
<ul><li>○ Yes, on the development site</li><li>○ Yes, on land adjacent to or near the proposed development</li><li>② No</li></ul>
c) Features of geological conservation importance
<ul><li>○ Yes, on the development site</li><li>○ Yes, on land adjacent to or near the proposed development</li><li>② No</li></ul>
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Foul Sewage
Please state how foul sewage is to be disposed of:
✓ Mains sewer  Septic tank
Package treatment plant
☐ Cess pit ☐ Other
Unknown

Are you proposing to connect to the existing drainage system?
○ No ○ Unknown
If Yes, please include the details of the existing system on the application drawings and state the plan(s)/drawing(s) references
As shown on the Topographical survey included with the plan drawings.
Waste Storage and Collection
Do the plans incorporate areas to store and aid the collection of waste?
○ Yes
⊙ No
Have arrangements been made for the separate storage and collection of recyclable waste?
○Yes
⊗ No
Trade Effluent
Does the proposal involve the need to dispose of trade effluents or trade waste?
∀Yes
○ No
If Yes, please describe the nature, volume and means of disposal of trade effluents or waste
The existing building contains Asbestos that is proposed to be removed by a licenced contractor. The demolition and disposal of the existing
building is also proposed, the building is constructed primarily of timber and all products will be disposed of responsibly and recycled where necessary.
Residential/Dwelling Units
Does your proposal include the gain, loss or change of use of residential units?
○ Yes
⊙ No
All Types of Development: Non-Residential Floorspace
Does your proposal involve the loss, gain or change of use of non-residential floorspace?
Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.
○Yes
⊗ No
Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?  ○ Yes  ○ No
Hours of Opening  Are Hours of Opening relevant to this proposal?  ○ Yes  ⊙ No
Industrial or Commercial Processes and Machinery  Does this proposal involve the carrying out of industrial or commercial activities and processes?  ○ Yes  ○ No  Is the proposal for a waste management development?  ○ Yes  ○ No
Hazardous Substances  Does the proposal involve the use or storage of Hazardous Substances?  ○ Yes ○ No
Site Visit  Can the site be seen from a public road, public footpath, bridleway or other public land?  ② Yes  ③ No  If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?  ② The agent  ① The applicant  ① Other person
Pre-application Advice  Has assistance or prior advice been sought from the local authority about this application?

#### Reference

PRE/1688/2023

Date (must be pre-application submission)

29/11/2023

Details of the pre-application advice received

It is important the design of the new building is complementary to the setting of conservation area and historic buildings as highlighted within the

East Devon Local Plan (2013-2031) Strategy 48 (Local Distinctiveness in the Built Environment) and Strategy 49 (The Historic Environment) and

Policy D1 (Design and Local Distinctiveness). Additionally, the Kilmington Neighbourhood Plan 2020-2031 highlights the importance of high-quality

design (Policy DE1) and provides a Design Statement that recommends dark colours should be used for roofs and flat roofs should not be used.

The statement also recommends a neutral or pastel shade for render or other wall finishes.

It is recommended the proposed building mirrors the materials, window frame and roof colour of the existing school extension opposite (32 metres west) completed under reference DCC/2639/2008. Horizontal timber cladding that is light and grey in colour and grey window frames to match could be a design option.

Additionally, a dark roof colour is recommended. The grey cladding and dark roof colour would complement the stone of St Giles' Church north east of the school site which is a prominent feature of the village. It is recommended the proposed building

decrease the window size to limit solar gain and improve the energy efficiency of the building as well as including the use of renewable energy as

highlighted in Strategy 38 (Sustainable Design and Construction) of the East Devon Local Plan.

### Highways

A Construction Management Scheme will be required to address site access and traffic during construction to ensure The Street remains open and

accessible for the residential property on the northern boundary.

### Amenity

It is recommended that the proposed building is

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply?
If yes, please provide details of their name, role, and how they are related:
***** REDACTED *****
Ownership Certificates and Agricultural Land Declaration
Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)
Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.
Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?  Yes  No
Is any of the land to which the application relates part of an Agricultural Holding?  ○ Yes  ⊙ No
Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
