Details of the pre-application advice received

The application site is located within the defined development limits of Catwick which is identified as a village within policy S4 of the ERLP SD. Part B of this policy states that within the development limits of villages the following forms of development will be supported where it does not detract

from the character and appearance of the village:

- 1. New Housing, usually comprising a single dwelling;
- 2. Affordable housing for local people;
- 3. New and/or enhanced local services and facilities; and
- 4. Economic development.

There would therefore be some policy support for the change of use in principle.

Residential Amenity

The application site lies in a primarily residential area with residential properties surrounding the site. The proposed development would result in increased activity at the site from customers dropping off and collecting dogs. You have stated that there would be a maximum of 4 dogs being boarded at any

one time and there would likely be some noise and disturbance from dogs visiting the site, however the proposed business is considered to be small scale. There are generous separation distances between neighbours on either side therefore any noise and disturbance would be unlikely to affect

these properties.

Given the small scale of the proposed business it may be possible for an application to be supported in this location.

You may wish to prepare a noise impact assessment

Heritage

The application site is within the Catwick Conservation Area. You have stated that there will be no external alterations, however the use itself and the effect that would have on the character of the Conservation Area must be considered during the application process.

You may wish to provide a dedicated Heritage Statement

Parking and Highway Safety

The host dwelling benefits from a private driveway which provides off-street parking for the property. It is likely that the property would be able to accommodate some customer parking, however this would be likely to be on a 'one-in, one out' basis, rather than all customers arriving at the same time. Customers visiting the premises are likely to only be parked for short times whilst dropping off and collecting their dogs. Main Street is a busy road where there is no on-street parking therefore I consider it would be essential for some customer parking to be provided. Please ensure that the submitted plans clearly shows the parking arrangements for the proposed use.

Conclusion

In summary, an application for dog boarding at Old School House, Main Street, Catwick may be capable of receiving Officer support providing matters of traffic and parking were found to be acceptable through a formal submission. Should an application be acceptable it would likely be subject to conditions restricting the scale of the business.

(a) a member of staff (b) an elected member
(c) related to a member of staff
(d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

○ Yes ⊙ No
Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
