Dear Sirs

Re: Supporting Documents – Planning Permission Application (PP-12577471) and Listed Building Consent (PP-12577457)

Please find enclosed the following documents in hard format as I was having severe trouble uploading these to the planning portal:

- Location Plans
- CILS
- Biodiversity self-assessment form
- Design and access statements
- Supporting documents/photographs – relating to both applications

Should you have any queries, do not hesitate in contacting me.

Many thanks
