Application for Tree Works: Works to Trees Subject to a Tree Preservation Order (TPO) and/or Notification of Proposed Works to Trees in a Conservation Area

Town and Country Planning Act 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Tree Location	
Please provide the address of the site where the	e tree(s) stands (full address if possible)
Number	104
Suffix	
Property Name	
Address Line 1	
Westgate	
Address Line 2	
Address Line 3	
Nottinghamshire	
Town/city	
Southwell	
Postcode	
NG25 0LT	
Description of site location must	be completed if postcode is not known:
Easting (x)	Northing (y)
469587	353615
If the location is unclear or there is not a full	postal address, describe as clearly as possible where it is
(for example, 'Land to rear of 12 to 18 High Stre	et' or 'Woodland adjoining Elm Road')

Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out

8 conifer trees. The trees are on our boundary and their roots have caused damage to our neighbours drains.

We want to remove the trees completely and replace a with a more suitable hedging type (e.g.laurel)

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see below for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan; and
- · A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- · Reasons for the work; and where trees are being felled
- · Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) – Whole crown reduction to 12m above ground level, to provide sufficient clearance to property.

Sketch plan requirements

Your plan needs to show the precise location of the tree(s) in relation to nearby property/roads/boundaries. It should, therefore:

- indicate the main features of the site where the tree(s) stand and its surroundings; in particular, you should:
 - o mark and name surrounding roads
 - o sketch in buildings, including adjoining properties
 - o add house numbers or names
- mark the position of the tree(s) to which you want to carry out work and identify them by the number shown in the Tree Preservation Order where possible; if you use a different number, please make sure that this can be matched with your description of the tree(s)
- if there are many trees on the site, make clear which tree(s) are included in this application by:
 - o marking all trees on the plan, but only numbering those to which you want to carry out work
 - showing the approximate distance between the application tree(s) and buildings
 - o adding other relevant features on the site (e.g. greenhouse, paths)

If it is impossible to identify the tree(s) accurately on the plan (e.g. because they are part of a woodland or group of trees), please identify their approximate location on the plan and provide details of how the tree(s) are marked on site (e.g. high visibility tape, tree tags, paint, etc); trees must not be marked by scarring or cutting into the bark.

Tree Ownership

Is the applicant the owner of the tree(s)?

✓ Yes

○ No

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply?
If yes, please provide details of their name, role, and how they are related:
***** REDACTED *****
Declaration
I/We hereby apply for Tree works: Trees in conservation areas/subject to TPOs as described in the questions answered, details provided, and the accompanying plans/drawings and additional information. I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of
the person(s) giving them. I/We also accept that, in accordance with the Planning Portal's terms and conditions: - Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website; - Our system will automatically generate and send you emails in regard to the submission of this application.
Substitution and substi
