REFERENCE : 23/00082/FULL

To: **Mrs Gillian Barclay

Matthew Archer
114 Brechin Road
Arbroath
DD11 1TA**

With reference to your application dated **23 February 2023** for planning permission under the above mentioned Acts and Regulations for the following development viz: -

Change of use from police station to holiday accommodation and alterations to dwellinghouse at 49 And 49B Gardyne Street Friockheim Arbroath DD11 4SP for Mrs Gillian Barclay

The Angus Council in exercise of their powers under the above mentioned Acts and Regulations hereby **Grant Planning Permission (Delegated Decision)** for the said development in accordance with the particulars given in the application and plans docquetted as relative hereto in paper or identified as approved on the Public Access portal.

The permission is subject to the following conditions, namely: -

- 1 The development to which this permission relates must be begun not later than the expiration of three years from the date of its grant.
- 2 The tourist accommodation hereby approved shall be used as temporary holiday accommodation only and shall not be occupied as a place of permanent or principal residence. Specifically, the accommodation shall not be occupied by the same individual or group of individuals for a period exceeding a total of 12 weeks in any 26 week period. The operator of the site shall maintain a register of guests (including the name, address, dates of arrival and departure) of those staying at the site. On request, this guest register shall be made available to the council as planning authority for inspection.

The foregoing conditions are imposed by the Council for the following reasons: -

- 1 To clarify the duration of this permission in accordance with the requirements of the Town and Country Planning (Scotland) Act 1997 (as amended) and to ensure that it will lapse if not implemented within that period.
- 2 To ensure that the tourist accommodation is used for holiday purposes only in accordance with the detail and policy framework within which it has been determined to be acceptable.

The reason(s) for the foregoing decision by the Council are as follows: -

- 1 The proposal is in accordance with the development plan, subject to conditions, as it is compatible with the locational criteria identified in the plan. The scale and nature of the proposal is acceptable and it would not give rise to unacceptable impacts on amenity, the character and appearance of the dwellinghouse or wider area and does not result in overdevelopment of the plot or unacceptable loss of curtilage, vehicular parking or provision for refuse collection/storage and recycling. The proposal would not give rise to unacceptable impacts on the built, cultural and natural environment, road safety or infrastructure. There are no material considerations that justify refusal of planning permission contrary to the provisions of the development plan.

SGN Overbuild Advisory Note

There are a number of risks created by built over gas mains and services; these are:

- *Pipework loading – pipes are at risk from loads applied by the new structure and are more susceptible to interference damage.*
- *Gas entry into buildings – pipework proximity increases risk of gas entry in buildings. Leaks arising from previous external pipework able to track directly into main building from unsealed entry.*
- *Occupier safety – lack or no fire resistance of pipework, fittings, or meter installation. Means of escape could be impeded by an enclosed meter.*

Please note therefore, if you plan to dig, or carry out building work to a property, site, or public highway within our gas network, you must:

1. *Check your proposals against the information held at <https://www.linerearchbeforeudig.co.uk/> to assess any risk associated with your development **and***
2. *Contact our Plant Protection team to let them know. Plant location enquiries must be made via email, but you can phone us with general plant protection queries. See our contact details below:*

Phone 0800 912 1722 / Email plantlocation@sgn.co.uk

In the event of an overbuild on our gas network, the pipework must be altered, you may be temporarily disconnected, and your insurance may be invalidated.

Further information on safe digging practices can be found here:

- *Our free Damage Prevention e-Learning only takes 10-15 minutes to complete and highlights the importance of working safely near gas pipelines, giving clear guidance on what to do and who to contact before starting any work <https://www.sgn.co.uk/damage-prevention>*
