Does your proposal involve the construction of a new building which would result in the loss or gain of public open space?
○Yes
⊙ No
Description of the Proposal
Description
Please describe the proposed development including any change of use
The project proposes updates to the facade of Holman House. The proposal is only related to the external face and associated areas.
Has the work or change of use already started?
○ Yes ⊙ No
Existing Use
Please describe the current use of the site
Retail units on ground floor and residential units on first floor.
Is the site currently vacant?
○ Yes
⊗ No Page the proposal invalue and of the fallowing?
Does the proposal involve any of the following?
Land which is known or suspected to be contaminated for all or part of the site Yes
⊙ No
A proposed use that would be particularly vulnerable to the presence of contamination
○ Yes ⊙ No
Application advice
If you have said Yes to any of the above, you will need to submit an appropriate contamination assessment.
Does your proposal involve the construction of a new building?
○ Yes ⊙ No
Materials
Does the proposed development require any materials to be used in the build?
✓ Yes○ No

Yes No If Yes to either or both of the above, you will need to provide a full tree survey with accompanying plan before your application can be determined. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations' Assessment of Flood Risk Is the site within an area at risk of flooding? Yes No Refer to the Welsh Government's Development Advice Maps website. Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

Will the proposal increase the flood risk elsewhere?
○ Yes⊙ No
From 7 January 2019, all new developments of more than 1 dwelling house or where the construction area is 100 square metres or more, require Sustainable Drainage Systems (SuDS) for surface water designed and built in accordance with the Welsh Ministers' Statutory SuDS Standards . SuDS Schemes must be approved by your local authority acting in its SuDS Approving Body (SAB) role. Please contact your local authority for details of how to apply.
How will surface water be disposed of?
☐ Sustainable drainage system
☐ Existing water course
Soakaway
✓ Main sewer
☐ Pond/lake
Biodiversity and Geological Conservation
To assist in answering the following questions refer to the help text. The help text provides further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.
Having referred to the help text, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
a) Protected and priority species
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No
b) Designated sites, important habitats or other biodiversity features
Yes, on the development siteYes, on land adjacent to or near the proposed developmentNo
c) Features of geological conservation importance
Yes, on the development siteYes, on land adjacent to or near the proposed developmentNo
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
