

Willow green cottage

Proposed adjustment to roof pitch visuals

View from front of property, when on the drive – extension is identical to plans, apart from changing from a pitched to flat roof. Height of roof is under peak height of approved drawings. Extension is clad in dark wood, blending in with the trees

Up close to extension – dark wood clad glass hallway transparently connecting cottage

View from the garden – glazing facing back out to garden

View from the road – both the approved and the proposed roof pitch to extension are not visible

View from the road – both the approved and the proposed roof pitch to extension are not visible

View from the road – both the approved and the proposed roof pitch to extension are not visible
