Description of Proposed Works

Please describe the proposed works

The new proposed garage is located in front of the house, in the most convenient spot for parking and do not disturb the green areas at the rear. Previous owner converted the original garage into habitable space with intention of building another stand alone garage however they decided to move before completing this project and when I took over the property the cars did not have a garage and storage space. We are proposing the new garage design to accommodate cars and storage area for growing young family. This will also prevent having to defrost cars in winter.
