Eligibility
Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.
The questions below will help determine if the proposals are eligible for this permitted development right.
Please specify the type of roof on which the solar photovoltaic equipment is to be installed:
○ Flat ⊙ Pitched
Would any part of the solar photovoltaic equipment protrude more that 0.2 metres beyond the plane of the roof slope (when measured from the perpendicular with the external surface of the roof slope)?
○ Yes ⊙ No
Would any part of the solar photovoltaic equipment come within 1 metre of the external edge of the roof?
○ Yes ⊙ No
Would the total electrical generation capacity of all the equipment installed on the building under permitted development rights (previously and in this proposal) total no more than 50 kilowatts?
○ Yes ② No
Please note: This question was added to confirm proposals exceeded the 50 kilowatt 'microgeneration' threshold. A previous question on the total generation capacity exceeding 1 megawatt was removed after this limitation was lifted by government on 21 December 2023.
Would the solar photovoltaic equipment be installed on any part of the roof of a building that is: • a scheduled monument (or the site contains one) • a listed building (or within the curtilage of a listed building)
○ Yes ⊙ No
Please note: This question was updated to remove reference to installation on roof slopes fronting highways on Article 2(3) land after this limitation was lifted by government on 21 December 2023.

Please describe the proposed development:

Installation of Generation for 373.7 kWP of 740 x 505w Solar PV Panels which are limited by the inverters to 300kWP (3x Solaredge SE100k). Fed via substation 73/3073 Huf Spine Road.

Declaration

I/We hereby apply for Prior Approval: Roof mounted solar PV on non-domestic building as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

✓ I / We agree to the outlined declaration
