

All dimensions must be checked on site and not scaled from this drawing.

If in doubt ask.

Do not scale from this drawing.

Check drawing on receipt and report any discrepancies to the Architect.

Verify all dimensions/levels on site prior to construction.

Sizes, depths and construction shown for foundations, floor slab and hardcore are the minimum for normal ground and should be adjusted to suit the conditions found when excavations have been made.

The contractor will indemnify MRA against all claims, costs or damages which they might become legally obliged to pay in respect of any defects in the building which are adjudged to be due to workmanship or materials not being in accordance with the contract.
