This Message originated outside your organization.

Dear Fay

Sorry to take so long replying, I have just found your email in my spam.

Location plan B is 1:2500 scale. I attach a copy with it written on.

In this instance I am not able to agree to the council's suggested description for the proposal. Whilst the use may be existing the application is not retrospective and permission cannot be granted retrospectively. Also, the suggested description does not take on board the fact that permission has been granted and the site has been used for mixed equestrian and agricultural uses for many years. As such I feel that it would be technically incorrect to change the description.

I hope you will accept this view.

If you require anything else please do not hesitate to contact me.

Kind regards

Liz
