This Message originated outside your organization.

Ref: Invalid notification for case SDNP/24/00312/HOUS

Dear Sirs,

I can confirm there are no trees with a trunk of 75mm diameter within 15meters of the proposed works.

There is a shrub with a trunk diameter of up to 50mm within 15meters of the proposed works which was determined as a non-native species and will be replaced with a native species of yew hedging.

Many thanks and kindest regards,

Laurence Hall
