Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Our plan is to re roof portion of our house roof, as that part of the roof is very old, and as part of re-roofing have Solar panels deployed onto the South West elevation of the roof

Panels sit max of 20mm higher than roof slate

Panels will go up to 450mm from the edge of roof on the sides. Panels will be 600mm from the ridge of the roof

No change to height / pitch of the roof

New slates will match colour of slates on main part of the house. The main part of house roof is not changing

There will be no Solar panels on the front / street facing roof elevation of the property, only on the south west facing roof of the kitchen which is side facing of the property

The batteries to store energy from Solar will be inside the stables to rear of property

See attached / Supporting PDF from company which includes drawing of the solar panel layout

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

Our understanding, from online tool inviting to check if require planning permission, is that we do not need planning permission because -

- Height & pitch of roof are not changing
- Solar panels are being built into roof (not sat on top of Tiles) which means they sit 20mm above the Tiles only
- Solar panels won't go to edges of the roof, so do not alter height of the apex of the roof
- Solar panels are all black, which blend into the slate roof is being constructed of

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Example picture of same system recently installed to another property is attached as backup evidence

The proposal from the company who will re-roof and install solar panels is attached which details the materials to be used, the diagram of Solar panels being installed etc

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We believe, based on the planning information available that our plan to place Solar panels on part of our roof as part of having the roof reroofed does not need planning permission

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant
 Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes
 No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

Interest in the Land

Please state the applicant's interest in the land

- Owner
- Lessee
- Occupier
- Other
