

**NOTE:**

All drawn information is based on existing paper drawings that have been scanned and made available from Truelove Property and does not always reflect the as built condition of the existing buildings. Where discrepancies are obvious we have highlighted on the drawings, however this may not cover all instances that are not visible from site. A full external measured survey in digital format will be required to confirm as built status.

● Please note that any black circles that appear on the drawings are a result of the original paper set of Planning and As Built drawings being scanned and should be ignored.

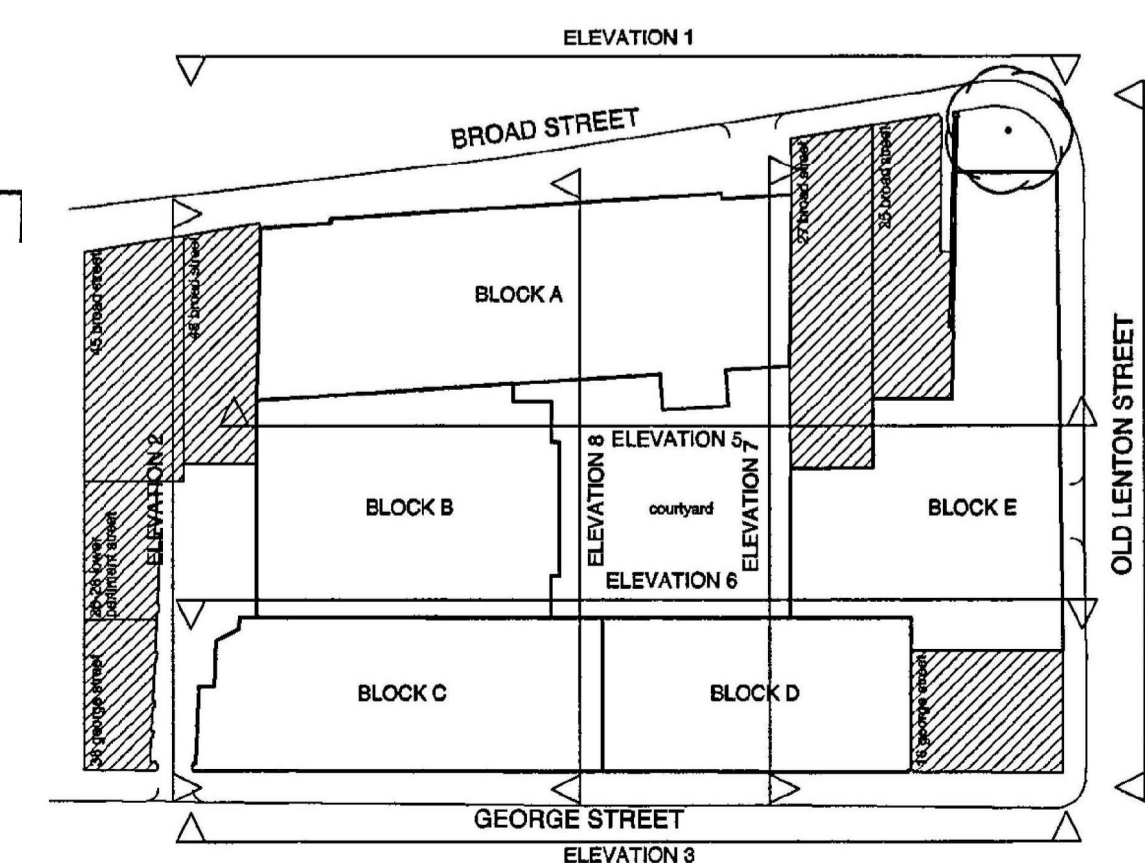

- Metal spandrel panel
- Opaque glass panel
- Indicates area of external wall for cladding replacement and replacement of rainwater goods
