Hi Support

Please can the following information be set up as a TDD as its root plate has lifted out of the ground. Please redact the children from the photograph.

Much appreciated

Nick

Storm Damaged Tree in Conservation Area

Hi Alan,

Hope you are well?

I've attached a photo of a lovely old apple tree in my garden, which has sadly succumbed to the recent winds and rain.

It is in a conservation area and garden of a listed property, but am I right in presuming that it can be removed without a formal application?

We do intend on planting a replacement - we'll miss the blossom this spring!

Many thanks,
