Hello
I have recently purchased

12 middlebrook
Bishops Waltham
Southampton
So32 1aw

I have a very large lalandii type tree in my garden it is completely blocking any light into one room and is pushing against the boundary wall which is leaning out onto the footpath. It is very close to the building and the sewer pipes and manhole in my garden, There is a second tree growing very close to this tree and that is growing out at an angle trying to get some light.

I would like to remove these trees before they cause and damage to the property.
I have attached some pictures to show the issues

My contract number is [REDACTED] should you wish to contact me

Regards
Richard Harris
