Hi

We are proposing to remove a silver birch that sits in our Garden at 21 Sydenham Road. This appears to have a significant amount of rot around the base, perhaps around 40%, and should it fall, it is likely to damage a house or perhaps fall into both ours and our next-door neighbour's garden. <https://maps.app.goo.gl/k4c8BhsjUEkLsdf98>.

Many thanks
