Comment Reasons:

Comment: Currently I have a blank wall from their existing extension which cuts light and obstructs the view from my room. This new blank wall, under the terms proposed, will extend further outward-at least double the distance-further cutting my light and further limiting my view. This can only further reduce the value of my property. With only two people living in this house, the additions proposed can only be a vanity project, otherwise unnecessary and without any practical purpose. The extension will also affect further drainage considerations, where run off has already been a problem with the existing extension. I appeal to the Council to refuse this application.
