Dear Sir/Madam,

**Applicant: Icon Tower Infrastructure Group**

**PROPOSED DEVELOPMENT OF UPGRADE TO RADIO MAST AT: FORFAR WEST END FOOTBALL CLUB, CRAIG O'LOCH ROAD, FORFAR, DD8 1BT, E345186 N750567.**

We write on behalf of Icon Tower Infrastructure Group Limited (Icon Tower) – a code operator approved by Ofcom, to submit a Full Planning Application for the proposed installation of telecommunications apparatus at the above location. This location has been identified as being necessary for specific technical and operational requirements.

The proposal relates to:

The installation of a new sharable 30m lattice mast which is collocated with an existing compound approximately 108m to the northwest of the site. The development includes 6no. antennas, 2no. 600mm dish, mounted to 1no. headframe, 6no. operator cabinets, 2no. operator electrical meter cabinets, 1no. multi-user electrical meter cabinet, 2.4m high steel palisade fence, and ancillary development thereto. This is required to facilitate enhanced network coverage for the Mobile Network Operators. This multi user structure with secure compound and upgraded power supply will enable a consolidation of equipment and in time lead to the removal of unused infrastructure from the wider site and cell area.

Please find enclosed the associated application package comprising:

- The completed planning application forms and relevant landownership certificates;
- Planning Drawings and Maps:
  - A100– Site Location Plan
  - A200– Existing Site Plan
  - A201 – Proposed Site Plan
  - A300 – Existing Elevation
  - A301– Proposed Elevation
- Site Specific Supplementary Information.
- Certificate of ICNIRP Compliance.
- Copy of developer's notice covering letter and notice served.
- The full planning application fee has been paid via the portal.

All Icon Tower installations are designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation. A certificate of ICNIRP compliance is required for this installation and is included with the planning submission.

We trust this is in order and await validation shortly. We wish to avoid any pre-commencement conditions so should any amendments or additional information be required then please do not hesitate to contact us. We look forward to discussing the merits of this proposal with you in the near future. In the meantime, should you require any additional information or have any queries relating to this application, please do not hesitate to contact me at the address below.

Yours faithfully,

**Isabel Daykin M/CD**
