Dear Sir / Madam,

I would like to submit an application to reduce the branches of a Silver Birch that is overhanging from a neighbours property.

The tree is a Silver Birch, located in the back garden of 11 Osborne Road, Clifton BS8 2HB, and highlighted in the 'Plan - Tree Location' picture. The proposed work will be conducted at 37 St Johns Road, and reduce the overhanging branches of the Silver Birch by approximately 2 meters, back to the boundary wall between 37 St Johns Road and 11 Osborne Road. The effected branches are detailed in the 'Tree Detail 1 & 2' pictures. The overhanging branches represent new growth, and no older branches will be removed.

This will reduce the the amount of debris falling on cars parked at 37 St Johns Road during high winds.

If there is any further information required, please let me know.

Best Regards,  
Andrew Moulson,  
37 St Johns Road,  
Clifton  
BS8 2HD
