Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Please state why you wish to make this amendment

This application seeks to significantly improve the comfort and versatility of bedroom 3 while ensuring its design harmonizes with the surrounding conservation area. Replacing the existing sloped roof with a traditional gable end, characteristic of the area, will achieve this dual purpose. The increased headroom (currently under 5ft at lowest point) will create a more spacious and usable room, while the red brick gable end seamlessly integrates with the existing dwelling. Compared to the current roof line, which will need to be removed as part of the previously agreed works, this amendment enhances the visual cohesion of the conservation area.

To maximize natural light and reduce reliance on artificial lighting, a new window will be added to the rear. Additionally, the creation of an insulated roof space will significantly improve heat efficiency, lowering our carbon footprint and aligning with the potential sustainability goals of the conservation area. As shown in the attached drawings, the design is subservient to the original dwelling and will not result in any detriment to visual or residential amenity.

Spoke with Ryan Morgan, soon after New Year.
I provided a brief outline of our intentions and need for the amendment.
Ryan explained the process of seeking an amendment and that we could either use the planning portal or the planning inbox.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No
