

Tree Survey  
Plots 4&5, The Willows  
Spooners Drove, off Prickwillow Road  
Isleham, Ely

The trees in question are all Crack Willows, of various ages, on the river side of the flood protection bank. For clarity they have been assigned numbers 1 to 7, starting with the largest tree, closest to the boundary with Plot 3.

Tree No. 1 - Mature Crack Willow, believed last pollarded in 2010.

Trees 2, 3 and 4 from right to left.

Tree 5.

Tree 6.

Tree 7. Crack willow that has fallen and is growing horizontally into the river, multiple stems of no more than 125mm in diameter. Behind Tree 6 in picture. Located close to boundary with Plot 6.
