Hi Mia

I am afraid your system is defaintly wrong. I have been to site and the garden extends to the west as shown on my red line plan. I have attached the google earth plan which showws it pretty clearly

Hi John,

I am afraid the plan you have provided with your application and the land ownership one you have provided now do not correspond with each other which is why I am a little confused?

The red line does not appear to go out to the left-hand side like you have drawn on the plan and as you can see from the screen shot on our system if I draw the boundary line to the left then it will incorporate another property.

Please can you review the officer who this gets assigned to will come back on this also.

Kind Regards

Mia Witcher

Mia

Your plan is incorrect, please see attached plan confirming ownership within the red and blue line

John

Good Morning,

Apologies to query the location plan again but please see the attached screen shot on our system which shows number 12 as the site in question. The land to the left which you are including in your attached location plan goes into another property? Please can you confirm this.

Kind Regards

Mia Witcher

Dear Mia

Please find attached a copy of drawing 1498/01A showing the correct red line

Regards

John
