Eligibility
Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.
Important - Please note that:
 This application is specifically for a 'larger' single storey rear extension to a house, and the questions below are particular to determining the eligibility of proposals for this extension type. Other kinds of home extensions do not use this 'prior approval' process and should not be applied for using this type of application. There are additional permitted development conditions that apply to all home extensions which are not covered in the questions below, they can be reviewed in our common projects section. If your proposals do not meet these conditions, it is advisable not to continue with this application.
Please indicate the type of dwellinghouse you are proposing to extend
○ Detached② Other
 Will the extension be: a single storey; no more than 4 metres in height (measured externally from the natural ground level); and extend beyond the rear wall of the original dwellinghouse (measured externally) by over 3 but no more than 6 metres.
Note that where the proposed extension will be joined to an existing extension, the measurement must represent the total enlargement (i.e. both the existing and proposed extensions) to the original dwellinghouse.
✓ Yes○ No
Is the dwellinghouse to be extended within any of the following: • a conservation area; • an area of outstanding natural beauty; • an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside; • the Broads; • a National Park; • a World Heritage Site; • a site of special scientific interest;
○ Yes ② No

Description of Proposed Works

Please describe the proposed single-storey rear extension

A single storey extension to provide a ground floor wc and dining room with patio doors onto private rear garden. The extension proposed is an addition to an existing extension forming a kitchen built many years ago. This is to the rear of the original 1930's house.

far will the extension extend beyond the rear wall of the original dwellinghouse (in metres, measured externally) metro twill be the maximum height of the extension (in metres, measured externally from the natural ground level) metro twill be the height at the eaves of the extension (in metres, measured externally from the natural ground level) provided metro met	Please provide the measurements as detailed below.
