Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

Due to a lack of previous maintenance we need to completely replace three timber windows on the property. These have substantial rot and are beyond reasonable repair. The bathroom window is single glazed however it does not have any historic glazing or components. This window has substantial rot and has been taped up almost completely to try to keep it water tight. The two windows on the side of the house (above the entrance to the property), first floor, are slimline double glazed however they have also not been properly maintained and have substantial rot. These windows have no historic parts and are likely to have been installed prior to the property listing.

We are proposing to replace the three windows above with three single glazed windows. This will bring these windows to the required standards of a listed property in the South Downs Conservation Area.

Confirmation that Listed Building Consent was required as we are looking to replace windows rather than maintain them (not possible due to the condition of them, and not required as they're not historic).
