

Balustrade Infill: Square profile balusters at 115mm centres set on the diagonal, subject to structural design, with 6mm x 30mm flat top and bottom rail, possibly 12mm with diagonal centres set on the diagonal, subject to structural design. Final metal sizes are to be confirmed by specialist contractor. Finishes to match that of existing wrought iron handrail & uprights.

Do not scale from this drawing for construction or acquisition purposes. Responsibility is not accepted for errors made by others in scaling from this drawing. All construction information must be taken from figured dimensions only. All dimensions and levels must be checked on site and any discrepancies between drawings and specification must be reported to GSSArchitecture. © Copyright GSSArchitecture
