

Application Reference: PP-11209970

Appeal Reference: APP/C1625/W/23/3320241

For the Attention of Stroud Planning Department,

We would like to submit an application for a non-material amendment to the permitted Modern Barn at Frith House, application reference above.

The proposed ammendment is of a non-material nature relating to the retaining walls around the building. We wish to ammend the specification of these walls from stone-faced retaining walls to a green 'vegetated' wall system. The Flex MSE system by Gravitas (see attached Product Data Sheet) will create a shrub-covered bank. This system will be more ecologically sustainable, will have a more natural aesthetic, and will have considerably less physical impact on the surrounding landscape.

Please see a list below of the attached drawings. Revision A Drawings are the original proposed drawings for the scheme which show what has been permitted. Revision B Drawings are the new proposed drawings showing the proposed amendment.

- P(0) 400 Proposed Ground Floor Plan, Rev A and Rev B
- P(0) 401 Proposed First Floor Plan, Rev A and Rev B
- P(0) 402 Proposed Roof Plan, Rev A and Rev B
- P(0) 411 Proposed East and South Elevations, Rev A and Rev B
- P(0) 412 Proposed North and West Elevations, Rev A and Rev B
- P(0) 420 Proposed Sections AA & DD, Rev A and Rev B
- P(0) 421 Proposed Sections BB & CC, Rev A and Rev B
- P(0) 4001 Proposed Modern Barn Site Plan, Rev A and Rev B
- P(0) 4002 Modern Barn Tree Protection Plan, Rev A and Rev B
- P(0) 4003 Proposed Modern Barn Services Routes, Rev A and Rev B

Please see the attached supporting documentation for the new proposed retaining wall specification below:

- F002 Gravity Wall Tie Back Gravitasint
- Flex MSE Product Data Sheet

Please also see the attached L(0) 010 Site Plan for your reference.

Please let us know if you require any further information or drawings from us.

Kind regards,
