Dear Mary,

Re: Havelock House, 1 Mill Street, Gamlingay SG19 3JW

Further to our telephone conversation please find below the information you require for the timber conservatory that we will be installing at the above address.

The base works will be of red brick to match existing with a lime mortar using a Flemish bond, again to match existing.

The junction between the conservatory and the listed building will be as follows.

Base works to be fixed with a stainless steel wall starter kit with twist, lock and slide ties. Frames to be bolted to the wall and silicon sealed. The roof ridge will be silicon sealed with code 4 lead work where the ridge and wall meet.

If you require any further information, then please do let us know.

Yours sincerely,

  
Dee Cook  
Trulight
