Site Area
What is the measurement of the site area? (numeric characters only).
400.00
Unit
Sq. metres
Description of the Proposal
Please note in regard to:
 Fire Statements - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance. Permission In Principle - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below. Public Service Infrastructure - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.
Description
Please describe details of the proposed development or works including any change of use
Installation of 207 solar panels on some of the flat elements of the roof of the hospice.
Has the work or change of use already started?
○ Yes② No
♥ NO
Existing Use Please describe the current use of the site
Hospice
Is the site currently vacant?
○ Yes② No

application.
Land which is known to be contaminated
○ Yes⊙ No
Land where contamination is suspected for all or part of the site
○ Yes⊙ No
A proposed use that would be particularly vulnerable to the presence of contamination
○ Yes ⊙ No
Materials
Does the proposed development require any materials to be used externally?
✓ Yes✓ No
Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)
Type: Other
Other (please specify): Solar panels
Existing materials and finishes:
Proposed materials and finishes: Tiger Neo N-type 54HL4R-B 420-440 Watt all-black module solar panels
Are you supplying additional information on submitted plans, drawings or a design and access statement?
✓ Yes✓ No
If Yes, please state references for the plans, drawings and/or design and access statement
StWH 1
Pedestrian and Vehicle Access, Roads and Rights of Way
Is a new or altered vehicular access proposed to or from the public highway? O Yes
⊙ No
Is a new or altered pedestrian access proposed to or from the public highway?
○ Yes ⊙ No

Are there any new public roads to be provided within the site?
○ Yes ⊙ No
Are there any new public rights of way to be provided within or adjacent to the site?
○ Yes⊙ No
Do the proposals require any diversions/extinguishments and/or creation of rights of way?
○ Yes ② No
Vehicle Parking
Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces? ⊘ Yes ○ No
Please provide information on the existing and proposed number of on-site parking spaces
Vehicle Type: Cars
Existing number of spaces: 84
Total proposed (including spaces retained): 84
Difference in spaces: 0
Trees and Hedges
Are there trees or hedges on the proposed development site?
○ Yes② No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?
○ Yes ⊙ No
If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Assessment of Flood Risk
Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.) Ores
⊗ No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?
○ Yes⊙ No
Will the proposal increase the flood risk elsewhere?
○ Yes⊙ No
How will surface water be disposed of?
☐ Sustainable drainage system
☐ Existing water course
Soakaway
☐ Main sewer
☐ Pond/lake
Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
Yes, on the development siteYes, on land adjacent to or near the proposed developmentNo
b) Designated sites, important habitats or other biodiversity features
Yes, on the development siteYes, on land adjacent to or near the proposed developmentNo
c) Features of geological conservation importance
Yes, on the development site
Yes, on land adjacent to or near the proposed developmentNo
⊗ No
 No Supporting information requirements Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the
Supporting information requirements Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal. Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information
Supporting information requirements Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal. Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Foul Sewage
Please state how foul sewage is to be disposed of:
✓ Mains sewer ☐ Septic tank ☐ Package treatment plant ☐ Cess pit ☐ Other ☐ Unknown
Are you proposing to connect to the existing drainage system?
YesNoUnknown
Waste Storage and Collection
Do the plans incorporate areas to store and aid the collection of waste?
○ Yes⊙ No
Have arrangements been made for the separate storage and collection of recyclable waste?
○ Yes ⊙ No
Trade Effluent
Does the proposal involve the need to dispose of trade effluents or trade waste?
○ Yes
⊙ No
Residential/Dwelling Units
Does your proposal include the gain, loss or change of use of residential units?
○ Yes⊙ No
All Types of Development: Non-Residential Floorspace
Does your proposal involve the loss, gain or change of use of non-residential floorspace?
Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses. O Yes
⊙ No
Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?
○ No
Existing Employees
Please complete the following information regarding existing employees:
Full-time
100
Part-time
150
Total full-time equivalent
250.00
Proposed Employees
If known, please complete the following information regarding proposed employees:
Full-time
Part-time
Total full-time equivalent
Hours of Opening
Hours of Opening
Are Hours of Opening relevant to this proposal? O Yes
⊙ No
Industrial or Commercial Processes and Machinery
Does this proposal involve the carrying out of industrial or commercial activities and processes?
○Yes
⊙ No
Is the proposal for a waste management development?
○ Yes ⊙ No

nazardous Substances
Does the proposal involve the use or storage of Hazardous Substances?
○Yes
⊙ No
Site Visit
Can the site be seen from a public road, public footpath, bridleway or other public land?
○ No
If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?
○ The agent
O The applicant
Other person ■ Othe
If Other has been selected, please provide contact details:

Pre-application Advice
Has assistance or prior advice been sought from the local authority about this application?
○ No
If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):
Officer name:
Title
First Name
***** REDACTED ******

Date (must be pre-application submission) 28/09/2023 Details of the pre-application advice received Letter 28,09.23: The solar panels are unlikely to result in harm to the character of the rural area and the Chichester Harbour AONB. The use of solar panels are encouraged as a form of renewable energy, subject to them being sited in sympathetic locations and of a good design in order to reduce their visual impact. Email 24.11.23: Regarding the proposed solar panels, I discussed whether this would be permitted development with the Principal Planning Officer. The criteria for solar panels on non-domestic buildings is quite technical. One of the points is that if the site is within an AONB, none of the solar panels should be fronting the highway. In this case, there would be a section of panels on the southern roof slope that would be facing the highway to the east and is considered to be the front elevation, therefore the proposal would not meet this criteria. Other points are that the panels should not protrude further than 0.2m beyond the plane of the roof slope and the panels should not be installed within 1m of the external edge of the roof. The system would be a 86.94 kwp system that would exceed the 50 kw limit of being considered as microgeneration, therefore the proposal would not under the prior approval regime. But this would only be advisable if the panels were removed from the southern section of the front elevation facing the highway and if they meet the criteria mentioned above. For the proposed scheme under the pre-application advice request, I can confirm that planning permission would be required and the Council would be supportive of this scheme.	Surname

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.
Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? O No
Is any of the land to which the application relates part of an Agricultural Holding? ○ Yes ⊙ No
Certificate Of Ownership - Certificate A
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
