Subject: Re: Application for Works to Trees in a Conservation Area - 35 Black Horse Lane Swavesey Cambridgeshire (ref 24/0208/TTCA)

Hi there,

Thanks for the prompt response and apologies for the missing information in our first application details.

The three willows are approximately 10-12m in total height, consisting of trunks of approx 2 metres, and branches stretching 8-10m.

We intend to pollard them back to the trunk height (approx 2m) as previously, to help avoid bringing down the fence or blocking the road with fallen branches.

Please let me know if you need any further information.

Cheers,

Vero
