c) Features of geological conservation importance
 ○ Yes, on the development site ○ Yes, on land adjacent to or near the proposed development ⊙ No
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?
○ Yes ⊙ No
Please add all the exemptions or transitional arrangements that apply and provide a reason why
Exemption: Development subject to the de minimis exemption (development below the threshold)
Reason for selecting exemption: The site does not include a hedge or any significant habitat that is above 25m2 in size.
Exemption: Planning applications submitted before commencement of Biodiversity Net Gain (12th February 2024)
Reason for selecting exemption: It is a small site consisting of a terraced house in a densely populated urban area, and what small area of garden it has, will be retained as such, although there is no real scope for improving above existing biodiversity levels.
Note: Please read the help text for further information on the exemptions available and when they apply
