## Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

### Description

Please describe details of the proposed development or works including any change of use

The proposed change of use application would allow us to use the field as a secure dog walking area. The potential field is located within a short walking distance of town, just along 'Piggy Lane'. This means that many users can walk to and from the meadow, minimising the environmental impact and carbon footprint of many. For those that drive, we plan to have parking for 2 cars at a time and a larger space for disabled users. These will all be within the secure fencing of the field. To ensure that access to the meadow is seamless and safe, we plan for a large turning area within the field to enable cars to manoeuvre in and out with ease. As avid countryside users, we are passionate about retaining the biodiversity of this field. We plan to erect the fencing inside of the hedge area, ensuring that the biodiversity of the natural hedgerow, alongside the existing flora and fauna, is not affected by the planned change of use. This will ensure that dogs are not able to enter hedge areas and disturb the wildlife that resides there. We also plan to plant further trees and shrubs within the area, to introduce further shade and shelter. We plan to install deer fencing, a 6" fence which will ensure that dogs cannot leave the enclosed area. This will fit in with existing agricultural fencing in the local area and will not be an eyesore for users and local residents.

Has the work or change of use already started?
