— Proposed Development Area

Site Location Plan 1:1250

Notes
 The contractor shall comply with the current Building Regulations whether or not specifically stated on these drawings.
 The contractor shall check and verify all building and site dimensions, levels and sewer invert levels of connection points before work starts.
 Do not scale measurements. If in doubt - ask.
 This drawing is copyright and may not be copied or given to a third party without written authority from CCO Building Consultancy.
 CDM Principles - Managing Hazards
 Designers do not need to mention every hazard or assumption, as this can obscure significant issues, but they do need to point out significant hazards.
 These are not necessarily those that result in the greatest risks but those that are:
 A) Not likely to be obvious to a competent contractor or other designer.
 B) Unusual, or
 C) Likely to be difficult to manage effectively.
