

General Notes:

- This Drawing is to be read in conjunction with all other relevant latest current Drawings / Reports or related Documentation by Client, Engineer's, Architect's or Specialist, along with their Specifications.
- This Drawing must be read in conjunction with any Additional Related Specification / Clauses (Below).
- DO NOT scale from this Drawing. Figured Dimensions and Levels ONLY should be used, and any Setting Out Dimensions for Proposed Works should be taken from Site.
- Any Queries relating to the information provided on this Drawing should be referred back to the Originator ASAP. No Responsibility shall be taken by the Originator of This Drawing unless any Query has been raised with the Drawing Originator, allowing a Minimum of 5 Working Days to respond, Prior to the Undertaking of Any Site Works.

Additional Related Specification / Clauses:

- This Drawing has been produced from Site Dimensions (taken using a 8m Measuring Tape).
- No Fixtures or Fittings were disturbed during the Measurement Survey, and only those surfaces readily accessible were utilised accordingly. However, all efforts have been made to establish the Original Building Fabric as accurately as possible, and some assumptions (i.e. Wall Thicknesses) have therefore been made.
