23rd February 2024
Our Ref: 24/00589/ATC

Dear Sir/Madam,

Fern Cottage Lower Road Hardwick Buckinghamshire HP22 4DZ

Laburnum Tree. We would like to completely remove this tree from our back garden. We have a 4 year old golden retriever and a 15month old daughter and we are worried about them consuming parts of the tree; particularly our daughter who is walking and will be in the back garden a lot during the summer months. Due to the bark, roots, leaves and seed pods being poisonous we would really like it removed from our garden as we would hate for our daughter or dog to consume any of it as consumption of this can cause headaches, nausea, vomiting, frothing of the mouth, convulsions and even death through paralysis. You will also see from the images that it is leaning towards our property so we are concerned that it could one day blow over if we encounter any strong winds.

Thank you for your notification which was registered on the 21st February 2024. The application is being dealt with.

There is no fee necessary for this notification.

If a Tree Preservation Order has not been served on the tree(s) by 3rd April 2024 you are at liberty to carry out the proposed works.

To ensure our records are always up to date, please let us know if you change your postal or email address.

Yours faithfully,

The Business Support Team
