Our lead times are taken from the date of the survey, or if appropriate, receipt of a signed variation to contract. Supply only lead times are taken from the date of the acknowledgement letter we send upon receipt of the deposit and signed contract.

Manufacturing lead times vary between products and can be affected by variables including seasonality, factory holidays and demand volumes, etc. While the Covid 19 restrictions are in place, our manufacturers continue to experience disruption to numerous supply chains. This disruption is industry-wide and is outside our control. We endeavour to give as accurate a lead time as we can to our customers, however circumstances can change at short notice.

At Panoramic we install all product during one installation period. Therefore, the installation will commence after we have received all product in our store. Panoramic will take every reasonable effort to check the product before delivering to site.

Please note most manufactures close for 2 weeks over the Christmas - Please add 2 weeks if the manufacture period straddles this period.

...making excellence a habit.™

Trusted by our customers for over 44 years ...

Our Garden Room (Sky Room) is our favourite room. Beautifully designed with floor to ceiling glass panels. The bi-fold doors are versatile and the underfloor heating keeps it cosy in the winter. Panoramic were professional and friendly to deal with and we have already recommended them to friends.

Mr Rose, North Somerset

We recently had panoramic doors fitted in our property. Wow they look amazing. With so much choice in the current market it can be confusing as to what to go for. We decided on Panoramic doors when John came round to our house to demonstrate how these doors work, there was no pressure selling he was open and honest about the product. The fitters who came to fit the doors were absolutely excellent. Really friendly and polite guys, always arrived on time and did a fantastic job of fitting the doors.

Mr Patel, Gloucester

Panoramic Ltd fitted new double glazing to our house. The salesman explained everything clearly and helped us choose the right windows for the house and its style. The quote arrived promptly and the cost was very reasonable. The windows were fitted at the agreed time, with the fitters being very efficient and tidy. We are very happy with the windows and can highly recommend Panoramic Ltd to anyone requiring double glazing for their home.

Mr Pooley, Brislington

We had 25 windows and two sets of French Doors installed at our home. We are full of praise for Panoramic Windows, the quality of service is excellent and any request to attend to minor adjustment is carried out quickly and with minimum fuss. We would wholeheartedly recommend Panoramic Windows.

Mr Potter, Bristol

We have been looking for the perfect door for our house in a conservation area and AONB for a long time. We wanted something that would be solid and last a long time with minimal maintenance, but would not look too modern, given the village setting. Panoramic supplied the perfect door. From first contact, to visit from salesman, to faultless installation and follow-up visit, everything was just right. It took time to manufacture and it wasn't cheap, but you pay for what you get and there were no surprises. Would recommend to anyone looking for quality and good service.
