

**Design and access statement for a three bay garage at Meadow Grange, Long Lane,
Shepherdswell, Dover, Kent, CT15 7LU.**

On behalf of
Mr and Mrs T Norton.

This application is for the building of a three bay cartshed style garage/workshop at the above address, to be used by applicates to store gardening machinery, cars, motorcycles, and logs.

The design and style of the proposed building will complement the house which sits adjacent as shown in the accompanying drawings.

It is felt that with the cladding and roofing materials being the same as the house, it will tie the proposal into a coherent scheme that will complement the house and surrounding landscaping and as such very much hope this application will receive the support of the planning officer.
