Eligibility
Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.
The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.
The questions below will help determine if the proposals are eligible for this permitted development right.
The current building and site
Has the building been vacant for a continuous period of at least 3 months immediately prior to the date of this application?
Has the use of the building, for a continuous period of at least 2 years immediately prior to the date of this application, been any of the following:  For periods prior to 1 September 2020  Shops (Use Class A1);  Financial and professional services (Use Class A2);  Food and drink (Use Class A3)  Business (Use Class B1);  Medical or health services  Non-residential institutions (Use Class D1(a));  Crèche, day nursery or day centre  Non-residential institutions (Use Class D1(b));  Indoor and outdoor sports  Assembly and leisure (Use Class D2(e)), other than an indoor swimming pool or skating rink;  For periods from 1 September 2020  Commercial, Business and Service (Use Class E)  Yes  No  Does the cumulative floor space of the existing building exceed 1,500 square metres?  Yes  No

in a site of special scientific interest;	
a listed building or land within its curtilage; a scheduled monument or land within its curtilage;	
a safety hazard area;	
a military explosives storage area;	
Or, is the building:	
in an area of outstanding natural beauty;	
in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the	
ountryside;	
in the Broads;	
in a National Park;	
in a World Heritage Site	
) Yes ) No	
he proposed change of use	
or applications, submitted before 1 August 2022, proposing a change of use to Dwellinghouses from Offices (Use Class B1(a)/E(g)(i)). s/Was there an Article 4 direction in place that has removed these specific permitted development rights?	
Yes No / Not relevant	
Vill all the proposed new dwellinghouses have gross internal floor areas of at least 37 square metres, and comply with the <u>nationally described</u> pace standard?	
) Yes	
) No	
ollowing the development, will every dwellinghouse in the building remain in use within Use Class C3 and for no other purpose, unless that urpose is ancillary to the primary use as a dwellinghouse?	
Ø Yes	
) No

Is any land covered by, or within the curtilage of, the building:

## Conversion of existing second floor office unit from Class E use into Class C3 Residential use, forming two self contained residential dwellings. Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses A daylight assessment by NRG consulting Ltd is included in this application. What will be the net increase in dwellinghouses? 2 This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses in the existing building prior to the development. Impacts and risks Please provide details of any transport and highways impacts and how these will be mitigated, particularly to ensure safe site access The former use and the proposed use would generate very similar levels of transport use. The existing office space leased parking within the lower ground floor parking area within the same ownership as the subject property. Future residents may be able to agree a lease of those parking spaces if required. The property is situated within a PTAL 4 location, with guick access to Finchley Central station and numerous bus routes. Please provide details of any contamination risks and how these will be mitigated The works take place at second floor level the ground level will not be impacted, and no ground disturbed during the construction. The works will be surveyed for asbestos and other contaminants prior to works commencing and any materials safely removed if necessary. There are no records of historic contamination risks in the area. Please provide details of any flooding risks and how these will be mitigated. The site is located in Flood Zone 1, therefore at very low risk of flooding. A flood risk assessment should accompany the application where the site: • is in Flood Zones 2 or 3; or • is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency). Check if your site location is in Flood Zone 2 or 3 online Check with your Local Planning Authority to see if your site is in an area with critical drainage problems. Please provide details of the impacts of noise from any commercial premises on the intended occupiers of the new dwellinghouses and how these will be mitigated A noise assessment is provided by NRG consulting, which discusses the measures which will be implemented to improve the noise separation between this dwelling and its neighbours. If the building is located in a conservation area, and the development involves a change of use of the whole or part of the ground floor. Please provide details of the impacts that the change of use will have on the character or sustainability of the conservation area and how these will be mitigated N/A
