### CONCLUSION:

While the design rationale has been reviewed and carefully considered, the proposed dwelling does not accord with the Uttlesford Local Plan (adopted 2005) due to conflicts with policies on sustainable transport (Policy GEN1) and harm to the rural character of the area (S7).

Furthermore, the proposal does not represent 'sustainable development' in the context of the National Planning Policy Framework as it conflicts with elements of the social and environmental dimensions of sustainable development. Consequently, it is considered that the adverse effects arising from the scheme would significantly and demonstrably outweigh any benefits. It is therefore unlikely should planning permission be sought for the scheme that the Authority would support such an application.

Should you wish to submit an application, I would suggest the following to bolster your case:

Policy:

- Emphasise the less protectionist attitude of the latest iteration of the NPPF in regards to the countryside.
- Identify previous appeals where policy S7 has been given less weight in determination due to its age and partial compliance with the NPPF.
- Note the Council's lack of a five year housing supply and the position of the NPPF on this.
- The location of the development is not isolated and could include sustainable transport modes.

Design:

- Reduce the scale and footprint of the dwelling.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

## Ownership Certificates and Agricultural Land Declaration

### Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- No

Is any of the land to which the application relates part of an Agricultural Holding?

- Yes
- No

### Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner\* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding\*\*

\* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.
