However, the 'general biodiversity gain condition' does not apply in relation to planning permission for a development which is the subject of a householder application, within the meaning of Article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

The proposal is likely to be support in principle, subject to accordance with the details of the relevant policies of the Mid Suffolk Local Plan and emerging Babergh Mid Suffolk Joint Local Plan. It is considered that the development as proposed would likely not have a significant adverse impact on the appearance of the street scene or nearby surrounding area. There are unlikely to be significant impacts on highway safety and the proposal is unlikely to have a significant adverse impact on residential amenity of any nearby neighbours. Given the dwellings location, neighbouring Grade II Listed Green Farmhouse, Planning Officers consider that there is potential for the dwelling to be designated as a curtilage listed building. This however would be considered further at application stage, and Heritage Officers would likely be consulted on any future proposal

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ② No
