Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to the Woodside Hotel being demolished and 55 new homes being built. On the grounds that The Woodside Hotel could be sold off as a business. Now that we are through the Pandemic this could be a great hotel and wedding venue again. However I am concerned that Vistry Linden have acted quite illegally by ruining the landscape and particularly the orchards as WDC planning have allowed this company to build far too close to the hotel and you've led them to believe that it's a foregone conclusion that they can go ahead with demolition. It's despicable that Historic England and WDC don't recognise the historic importance of the old part of The Woodside Hotel.
