Dear Sir/Madam.

**Re: Resubmission of Planning Application, Planning reference NC/23/00164/OUT**

The applicant wishes to formally state that the rear vehicle/pedestrian access to number 40 High Street, Gretton will be removed and solely used for the new detached bungalow if planning consent is granted. The applicant is happy to have the above conditioned on the approval if necessary.

I trust the above statement is sufficient in respect of the access removal. If you do require further information, please let me know.

Kind regards,

***Susan Allen***
