An alternative option to close boarded fencing was discussed at the meeting, comprising of:

- Amending the existing close boarded fence by lowering its overall height and removing the feather edge boards to retain the vertical and horizontal posts only.
- Planting native, prickly hedging along the fencing and fixing discreet metal mesh to the rear (garden side of the fence), which would be concealed by the hedging but would provide a physical barrier
- Erection of a returning brick wall either side of the entrance gate which transitions toThe alternative option has the potential to overcome the concerns raised in the previous applications in regards to the impact on the listed building, AONB, street scene and public rights of way, subject to the detailed design of the proposals and the submission of appropriate information.
