Good morning,

I am currently validating the above tree application and require some further information.

With regards to T1-T3 - Re-pollarding/Reduction to previous pruning points – The description should either take the format of pollarding or crown reduction and must include a measurement in metres e.g. Re-pollard to 8 metres above ground level or overall crown reduction by 5 metres to previous pruning points.

Look forward to hearing from you.

Regards

Kylie Thompson
