**Notes:**

Tree protection fence and ground protection to be erected and installed in accordance with the Tree Protection Code of Practice and the Tree Protection Code of Practice (Part 2) before any excavation or development of land and before any other works.

Tree protection measures should be implemented following the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).

Where it is not possible to comply with the requirements of the Tree Protection Code of Practice (Part 2) or where it is not possible to comply with the requirements of the Tree Protection Code of Practice (Part 2) or where it is not possible to comply with the requirements of the Tree Protection Code of Practice (Part 2), the contractor shall consult with the Local Planning Authority.

Excavation and ground protection shall be installed in accordance with the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).

Secondary locations shall be installed in accordance with the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).

Soil shall be replaced and compacted in accordance with the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).

Ground protection shall be installed in accordance with the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).

Tree protective fencing shall be installed in accordance with the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).

Secondary locations shall be installed in accordance with the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).

HANS shall be installed in accordance with the requirements of the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2) and the Tree Protection Code of Practice (Part 2).
