Hi Lewis,

Please find attached the revised application form and drawings. The tyre shop is to remain two separate units and will be use for the sale of tyres - tyres won't be fitted on site.

Let me know if you need any further information.

Kind regards,
Olivia

Hi Rich,

Essentially, our response/where we stand with this is as follows.

- If you could send over the elevations of the washing equipment storage please.
- The tyre store looks like two separate units on one plan (existing) and one single unit on the proposed, this is why we have asked for elevations of this as it seems there are alterations to the building.

See image.
