

Helen & Douglas House Fuel Storage

- Daylight or Sunlight assessment is not applicable for fuel storage see below.

Good morning

I would just get a blank word document and write Not applicable on them and upload them so that it allows you to continue and send the application.

Kind Regards

Sophie

Subject: RE: Diesel storage OX4 1RW

Morning,

I am almost ready to submit my planning application for a diesel fuel store tank in our car park.

On the online planning portal, it would not allow me to submit without attaching:

- Daylight or Sunlight assessment
- Noise Impact assessment

As this are not relevant how do I submit online?

Thanks for your help.

Richard
