

HERITAGE STATEMENT

125A HIGH STREET, BERKHAMPSTEAD, HERTS HP4 2DJ

No 125A is located towards the end of the High Street and is a small shop selling and repairing mobile phones. This retail space is located on the ground floor of the Listed building. The shop's frontage faces onto the High Street and has glass pencil windows on either side of the single glazed entrance door. There is a flight of stone slab steps to the front with metal handrail on either side.

The front entrance of the property has face brickwork which has been painted using a cream colour paint. The windows and doors are timber and painted black. The glazing in the windows and doors is single thickness and locks are fitted to all windows and entrance door.

The buildings on either side of 125A have painted brickwork with a variety of styles of door and timber frame glazing.

The property to the left hand side of 125A has a painted sign above the shop window front and the property to the right hand side of 125A also has painted brickwork. There are a variety of shops and signage styles along the High Street.

A new sign has been installed above the entrance door of 125A (size 1.3m long, 0.5m high and 0.15m deep). This sign is constructed of pressed metal and has a black background with orange and white lettering. The sign is fixed flat to the face brickwork of the existing building and is in keeping with other existing signs in the surrounding shops.

There is no alteration to the existing Listed building construction and there is no impact to the surrounding area and street scene. Photographs are attached showing the location of the sign.
