### 6. Description of Proposed Works

A plan should also be included which clearly identifies the listed building to which your application relates (drawn to an identified scale and showing the direction of North):

The structure in question is a converted outbuilding to the original farmstead.  
Now used as a separate domestic dwelling to the original farm house, however still forms a curtilage structure to the original farm next door.  
Constructed from brickwork with a dual pitched tiled roof.  
Internally however the structure has been drylined with modern materials - crisp plasterboard painted with emulsion etc thereby hiding much of the original historic fabric.  
Externally however the original brickwork and features are still visible.

## 7. Grounds for Application

Please state why you consider that a Certificate of Lawfulness of Proposed Works should be granted for these works i.e. why they do not require listed building consent and will not affect the character of the listed building as a building of special architectural or historic interest:

Due to the conversion of the structure, majority of the repairs will be to the modern materials internally, including the replacement of the modern patio doors on a 'like-for-like' basis, replacing them in a hardwood frame and dooring.  
The only repairs to the original fabric will be in the form of raking out and repointing of the cracking to the brickwork externally, thereby reinstating the appearance and character of the structure.  
To us, the works are considered minor.
